JEEP® AVENGER 1.2 PETROL LONGITUDE STANDARD EQUIPMENT

SELEC-TERRAIN & HILL DESCENT CONTROL

The Selec-Terrain® system allows you to select one of six specific driving settings to deal with different terrain conditions. In addition, the Hill-Descent Control technology gives you maximum traction and grip when going downhill. Choose from Eco, Normal, Sport, Sand, Mud or Snow, combined with a ground clearance of 200+mm, it will give you that full Jeep feeling.

10.25" RADIO DISPLAY WITH APPLE CARPLAY & ANDROID AUTO WIRELESS

The new Longitude boasts a 100% digital interface, with a 10.25" Uconnect™ system and a 7" digital cluster. All with the added benefit of Apple Carplay and Android Auto wireless to accompany you on all your journeys.

FULL-LED HEADLIGHTS & 16" ALLOY WHEELS

The new Longitude is characterised by front full-LED headlights that highlight its shape. Also, the 16" alloy wheels match the bold design of the model.

BEST IN CLASS INTERIOR STORAGE

Maximise your storage capabilities with up to 34 litres* of storage space across door panels (5.5l), glovebox (11.9l), cupholders (3.9l), armrest storage (3.1l), horizontal instrumental panel storage (2.8l) and central bin (up to 7.1l).

REAR PARKING SENSOR

When parking becomes child's play. The new Longitude features rear parking sensors, providing the latest technology in terms of security and capability.

ANTI THEFT ALARM

Have full piece of mind with your Anti Theft Volumetric Alarm keeping your Jeep Avenger safe with option of deactivation.

All pictures for illustrative purposes only. *Up to 34 litres of storage space on automatic transmission.

Price excludes dealer delivery and related charges. Please consult your preferred Jeep Dealer for further information.

Actual boot capacity may vary by model.

All prices and product options are based on current information at time of publication approval (01/24). Visit Jeepavenger.ie for latest information.

*These figures were obtained after the battery had been fully charged. The Jeep® Avenger is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

Jeep® Avenger 1st EDITION Full Electric: CO2 emissions (weighted, combined) (g/km): 0. Electric energy consumption (weighted, combined) (kWh/100 km): 15,9; electric range 385-390 km (combined cycle). Values are calculated with the WLTP procedure (EU Regulation 2018/1832). The values indicated for energy consumption and electric range are measured by the manufacturer on pre-approval tests, according to the WLTP procedure (EU Regulation 2018/1832), and may be subject to modification depending upon the definitive homologation. The values indicated are for comparative purposes. Only compare CO2 and electric range figures with other cars tested to the same technical procedures. The Jeep® Avenger is a battery electric vehicle requiring mains electricity for charging. These figures may not reflect real life driving results and the actual electric energy consumption values may be strongly different and may vary depending upon the conditions of use and on various factors such as: options, frequency of electric recharge per travelled kilometres, ambient temperature, driving style, speed, total weight, use of certain equipment (air conditioning, heating, radio, navigation, lights etc.), tire types and conditions, road conditions, external climatic conditions, etc.

Prices, fuel consumption and CO2 emission figures are correct as of 1st January 2024 and published to our dealer network which may be subject to change. Colours of vehicles shown may not match the actual colour.
