The new EV3

The Kia EV3 is everything but ordinary. Arriving this November, the EV3 offers the everyday convenience and practicality that you need whilst enjoying all the benefits of electric driving. Enjoy complete confidence to tackle long journeys - with an impressive all-electric range of up to 605km. With class-leading interior space, the EV3 interior roominess is comparable to larger segment vehicles such as the Kia Sportage in a compact crossover form. Sustainability is at the core of everything the EV3 stands for. Reflected too in the carefully and consciously chosen materials for every part of the interior.

Vehicle-2-Device (V2D)
Technology that allows you to charge and power your devices on the go.

Triple Panoramic Display
Like the EV9, the EV3 is fitted with Kia's latest panoramic infotainment display screens.

Digital Key 2.0
Access and start your EV3 with your smartphone. Save your key in your digital wallet.

The new EV6

Introducing the new Kia EV6; a strong new vision for a sustainable future, this crossover is innovated for the electrified era. With a modern sportiness that is as forward-thinking as it is head-turning, the new EV6's 4th generation battery technology boasts an improved electric range of 582 kilometres while still maintaining its ultra-fast capabilities of 10 to 80 % in only 18 minutes, and an improved peak charge performance of 260 kW. The EV6's interior cabin has been further refined with a new infotainment system, a new steering wheel and more premium materials; all with sustainability in mind.

Reimagined front design

Stand-out Daytime Running Lights with Star Map graphics. The new EV6 has Dynamic Welcome Light on approach.

Enhanced interior

The new EV6 is fitted dual panoramic 12.3" displays, a new steering wheel design, and a premium material with sustainability in mind.

Vehicle-2-Device (V2D)

Get 220V of alternating current to power your devices, inside or outside the Kia EV6.

EV9

The EV9 is our flagship electric SUV with space for up to seven people. You will find the best of both worlds in the new Kia EV9. A rugged off-road vehicle with a strong presence and an agile electric vehicle perfect for your family needs. Voted World Car of the Year for 2024 by the worlds leading motoring journalists, the EV9 is an instant hit thanks to its bold design, range of up to 563km, ultra-fast charging capabilities and impressive technology featuring over the air updates. From front to back, it's an SUV with character and confidence both on the road and off.

Triple Panorama Display
A long, light, minimalistic dashboard featuring a 12.3" cluster, 5.3" centre display and 12.3" touch infotainment display.

Comfort you can configure
Available in 6 or 7 seat configuration. The 6 seat version features swivel seats that allow occupants to turn and face each other.

Sustainable materials
The interior seating and carpet is made from upcycled and plant-based materials.
